| About US

IPS Co. (IPS) is active in field of Engineering, Procurement, and Construction (EPC), and Operation of Refinery, Petrochemical and Power Plant Fixed Equipment for nearly Two decades. It is the first private Company in EPC of Spherical Tanks and Preforms Handover of Mega Projects in Iran.

IPS is honorably experienced in:

- Design, Construction & Commissioning of Mini Refineries ,
- Design, Manufacture & Commissioning of LPG Plants ,
- Design, Manufacture & Commissioning of Oil Product Plants ,
- Design and Manufacture of Fixed Equipment in Refineries, Petrochemicals and Power Plants ,
- Engineering, Procurement, Construction (EPC) of Spherical and Pressure Tanks ,
- Engineering, Procurement, Construction (EPC) of Atmospheric Storage Tanks and Cylindrical Floating Roof and Fixed Roof Storage Tanks ,
- Implementation of Various Oil and Gas, Petrochemical and Refinery, Power Plant and Industrial Projects as a General Contractor ,
- Handover Management in the Oil, Gas and Power Plant Industries ,

In order to globally develop its competitive ability, the Company puts its main focus on Engineering, Constructing and Installing the Spherical Tanks which was leaded to launch the most massive Hydraulic Press in Iran in 2014 (3000 metric tons) in the Industrial zone of Semnan, Iran. Using its experts and previous successful experiences, this Company has the full ability to perform engineering, procurement, construction, and installation of Spherical Tanks and is the only knowledge based Company in Construction of Spherical Tanks in Iran. Having the indigenous "Handover Oriented" Knowledge, the Company has well actualized customer care and repeatedly experienced the ideal accomplishment of the previous Projects along with employers.

Petrosazeh Beinolmelal Aram Co.

IPS FACTORY

| IPS Factory

For increasing hardware facilities to produce Spherical Tanks and other Refinery and Power Plant Fix Equipment, IPS Co. has built a factory in the Industrial zone of Semnan City in 2014 and obtained the permission to establish an Industrial Unit from the Ministry of Industry, Trade and Mines. To form the petals of the Spherical Tank shells, the Company has constructed and operated the heaviest and most massive Hydraulic press machine with a capacity of 3,000 metric tons (working span of 6 meters) in this factory. This factory is also equipped with all the machineries and equipment required to produce other parts and accessories of Spherical Tanks and Pressure Vessels.

List of Important Equipment

Type of Equipment & Capacity	Number
20-Tons Overhead Crane	2
16-Tons Overhead Crane	1
Plate Bending Machine, with the ability to roll up to a thickness of 60 mm and a width of 3 meters	2
Pipe and Profile Rolling Machine, Up to 4 inch	1
High Pressure Air Compressor, 950 cfm, 14 bar	1
Air Compressor, 1000 lit., 8 bar	2
Diesel Generator, 110 KVA, 207DKG	2
Types of Welding Rectifiers	125
Gauging Rectifiers, G1001 GAM	3
Tifur, Lever Hoists, Manual Crane, Pallet Jack and Manual Forklift	70
Various Welding and Cutting Machines (CO ₂ & Argon Welding and Rail & Magnet Cutting)	10
PAUT and TOFD and UT device (for NDT)	2
CNC Cutting Machine with length 6 meters and width 3 meters	1
Heavy Shed with an area of 1000 m ²	1
Light Shed with an area of 200 m ² (Warehouse and Office Rooms)	1
Fenced Warehouse with an area of 500 m ²	1

- Mapna Group (MAPNA)

Awards and Certificates

IPS Co., as a member of Association of Petroleum Industry Engineers and Constructors (APEC) and the Society of Iranian Petroleum Industries Equipment Manufacturers, has managed to obtain quality management system certification (ISO 9001: 2015) from TUV NORD Company.

IPS Co. was chosen as the "Top Entrepreneur" in Tehran Province in 2013 & 2017 by the Ministry of Cooperatives, Labor and Social welfare and it presented its Handover-Oriented Knowledge "in Completion of Mega Projects" at the ninth International Conference on Project Management and managed to register it in 2020, IPS Co. was honored and appreciated as one of the top brands in the country. Meanwhile, in March 2015, the Company name was put on the list of "knowledge-based Companies" by Iran's Vice-President for Science and Technology Affairs. The Company is trying to obtain new records on the implementation of Industrial Projects by realizing the slogan of "Iranian Knowledge and Global Competition".

IPS Co. has exported Spherical Tanks in order to execute international Projects in foreign countries and was chosen and presented as one of the Five top knowledge based services and Products exporters in 2017.

AWARDS AND CERTIFICATES

- Certificate of membership in SIPIEM (Iranian Petroleum Industries Equipment Manufacturers Association)
- Certificate of membership in SATSA (Iranian Industries Equipment Manufacturers Association)
- Certificate of membership in APEC (Association of Petroleum Engineering and Construction Companies)
- Certificate of membership in APNA (Association of Research and Knowledge Based Companies and Institute for Oil, Gas, Refining and Petrochemical Industries)
- Certificate of membership in Association of Managers of Knowledge Based Centers (Association of Managers of Knowledge Based Centers)
- Association of Managers of industries and mines of Semnan (Industries and mines of Semnan)
- Certificate of Safety qualification of contractor (Planning and Budget Organization)
- HSE Certificate (Ministry of Cooperatives, Labour, and Social Welfare)
- R&D license (Ministry of Industry, Mine and Trade)
- Chamber of commerce membership certificate (Iran's National Chamber Rating Center)
- Trade card grade certificate (Tehran Chamber of Commerce Industries Mines and Agriculture)
- Knowledge base approval certificate (Working group for evaluation of knowledge-based companies and institutions)
- ISO certificate (TUV ASTRIA CERT GMBH)

Certificates

List of the Most Important Projects

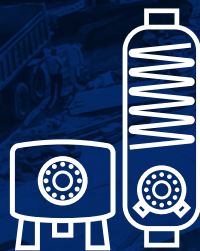

- EPC of Three LPG Spherical Tanks in Shazand-Arak Refinery Expansion and Upgrading Project. (Arak)
- Pre-Commissioning of area 5 and 7 in Shazand-Arak Refinery Expansion and Upgrading Project. (Arak)
- Handover of all Process and Utility Units in Shazand-Arak Refinery Expansion and Upgrading Project. (Arak)
- PC of Two Bitumen Cylindrical Fixed Roof Tanks in Pasargad Oil Co. (Tehran)
- PC of Two Condensate Cylindrical Floating Roof Tanks in Phase 13 of South Pars. (Kangan)
- EPC of a Propylene Spherical Tank in Polynar Tabriz Co. (Tabriz)
- EP of Three Butane Spherical Tanks in Ibne Sina Petrochemical Co. (Mahshahr)
- EP of a Ethane Spherical Tank in Bushehr Petrochemical Co. (Asalouyeh)
- EPC of Four LPG Spherical Tanks in Mihan Gas-Tifa Gas Co. (Tanzania-Dar Es Salaam)
- EPC of LPG Storage Unit in Mihan Gas-Tifa Gas Co. (Tanzania-Dar Es Salaam)
- Procurement and Fabrication of a Tower with the length of 25 meters for Chloran Chemical Production Co. (Semnan)
- PC of Three Filters for Iran Small Industries and Industrial Parks Organization, ISIPO. (Semnan)
- Engineering of a LPG Storage Unit in Balochistan Oil and Gas Co. (Semnan)
- EP of Two LPG Spherical Tanks in Balochistan Oil and Gas Co. (Semnan)
- PC of Four Calcium Chloride Fixed Roof Cylindrical Tanks for Chloran Chemical Production Co. (Semnan)
- Design, Construction & Commissioning of Poldokhtar Refining Unit. (Poldokhtar)
- EPC of Cylindrical Fixed Roof & Floating Roof Tanks in Poldokhtar Refining Unit. (Poldokhtar)

- 
- EPC of Fixed Equipment in Poldokhtar Refining Unit. (Poldokhtar)
 - EPC of Yas Wastewater Plant in Bank Mellat. (Mazandaran-Nur)
 - EPC of a Pentane Spherical Tank in Hexane Polymer Co. (Asalouyeh)
 - EPC of Three Butadiene Spherical Tanks in Takhte Jamshid Petrochemical Co. (Mahshahr)
 - EPC of Two Propylene Spherical Tanks in Polynar Tabriz Co. (Tabriz)
 - EPC of a Butane Spherical Tank in Soroush Mahestan Asalouye Co. (Kangan)
 - EPC of a LPG Spherical Tank in Tabriz Petrochemical Co. (Tabriz)
 - EP of Three Towers in Polynar Tabriz Co. (Tabriz)
 - EPC of Two HAB, ASO Fixed Roof Cylindrical Tanks & a Light End Floating Roof Cylindrical Tank in Bistoon Petrochemical Co. (Kermanshah)
 - Fabrication of Six LPG Spheriacal Tanks for Chavi Germian Co. (Semnan)
 - EPC of Six Propane and Propylene Spherical Tanks, Alaye Mahestan Petrochemical Co. (Kangan)
 - EPC of Two Spherical Tanks, Moshiran Co. (Kerman)
 - EP of Five Spherical Tanks in the Eslam Abad Gharb Petrochemical Project, Bina EPC Co. (Eslam Abad Gharb)
 - EPC of a Butane Spherical Tank in the Dehloran Petrochemical Project, EIED Co. (Ilam)
 - EPC of Four Fixed Roof Cylindrical Tanks & a Floating Roof Cylindrical Tank in the Dehloran Petrochemical Project EIED CO. (Ilam)
 - EP of Three Condensate & Pentane Spherical Tanks, Petro Exir Kangan Co. (Kangan)

Bitumen Production Unit

With separate Storage Tanks, this Unit is capable of supplying different types of bitumen.

Different Types of Grades Built in This Company

- 40/50, 40/60, 50/70, 60/70, 60/80, 80/100, 58/100, VG-10, VG-30, VG-40, PG58-22, PG64-22, PG70-16
- With four separate loading and unloading docks, the simultaneous unloading of raw materials and products by carrying trailers is made possible and the unloading of products is accelerated.
- The products built in this unit can be stored in containers in bulk, jumbo bags and barrels in different sizes and delivered to respected customers.

Bulk Production is done daily and products are stored in barrels and jumbo bags after receiving the order.

| Distillation Unit

- His Refinery Unit receives raw materials and produces different Oil Products. Based on the orders received from customers and undertaking a feasibility study of the consumption market, it can produce different types of light and heavy naphtha, oil solvents, light and heavy hydrocarbons, lube cuts and marine oil.
- Equipped with the Furnaces of increasing temperature, distillation Towers in vacuum and distillation Towers in Atmosphere, this unit is capable of producing high quality Products. Using different Kids of heat Exchangers for optimum energy consumption, it conducts the Production Operation.
- Using Floating Roof Tanks for raw materials and light and Products, this unit addresses customers needs based on the Products required by the consumption market.
- With Six loading and unloading docks, the distillation unit is well-equipped for the simultaneous loading and unloading of raw materials and different Products.

2013

EP of Three Spherical Tanks
Ibne Sina Petrochemical Co.

2014

EPC of a Spherical Tank
Polynar Tabriz Co.

2015

EP of a Spherical Tank
Bushehr Petrochemical Co.

2016

Construction of Four Spherical Tanks
Mihan Gas-Tifa Gas Co. Ltd. (Tanzania)

EPC of a LPG Storage Unit
Mihan Gas Co. Ltd. (Tanzania)

2017

Procurement and Fabrication of a Tower
Chloran Chemical Production Co.

2009

EP of Three Spherical Tanks
Consortium of Sazeh, ODCC and SEI

Construction of Three Spherical Tanks
Consortium of Sazeh, ODCC and SEI

2011

Pre-commission of Shazand Refinery
Consortium of Sazeh, ODCC and SEI

Handover Management for the Units of Shazand Refinery
Consortium of Sazeh, ODCC and SEI

Procurement and Construction of Two Cylindrical Storage Tanks
Pasargad Oil Co.

Procurement and Construction of Two Cylindrical Storage Tanks
Persian Sazeh Iranian Co.

2018

PC of Three Filters
ISIPO

Poldokhtar Refining Unit
Petro Palayesh Khorshid Zagros Co.

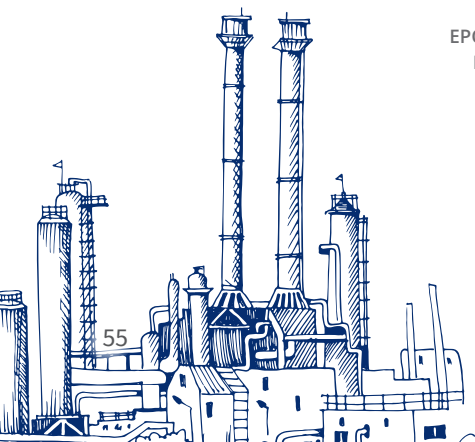

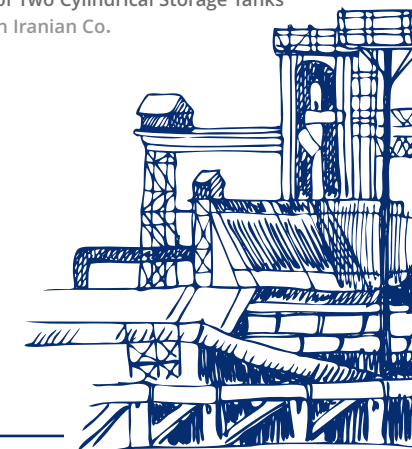

Engineering of a LPG Storage Unit
Balochistan Oil & Gas Co.

Engineering, Procurement and Fabrication of Two Spherical Tanks
Balochistan Oil & Gas Co.

Procurement and Construction of Four Fixed Roof Cylindrical Storage Tanks
Chloran Chemical Production Company

Procurement and Construction of Cylindrical Tanks in Poldokhtar Refining Unit
Petro Palayesh Khorshid Zagros Co.

Procurement and Construction of Fixed Equipment in Poldokhtar Refining unit
Petro Palayesh Khorshid Zagros Co.
